

**GLEN ROCK BOROUGH**  
**Special Public Meeting**  
**March 16, 2011**

<b>Present:</b>	Council Members:	Lucy Cadwallader Warren Cadwallader Ken Krebs Richard Shiles Kathy Wells Doug Young
	Engineer:	David Lipinski
	Secretary:	Ann Merrick

**The Special Public meeting was Called to Order** at 6:33P.M. by Council President R. Shiles. The purpose of this meeting was to discuss the Community Conservation Partnership Program, C2P2 Grant Application, and proposed scope of work, site plan, costs and process. There were no members of the public in attendance.

Borough Engineer, D. Lipinski provided a colored copy of an aerial view of the park. He discussed placement of two handicapped parking spaces near the main pavilion and development of an ADA Accessible path to new playground equipment. Granular material or porous stones are possible surfaces for the path. Council discussed using rubber or mulch as the surface of the path. Using either type of these surfaces would then require placement of a border to contain these materials to the pathway. Also these materials must be “fluffed” at least once a year, so there would be additional maintenance requirements. He then suggested using any extra funds for new ADA Playground equipment. Council discussed the possibility of developing a walking trail but decided they would have to wait until more funds were available. The length of the path is approximately one hundred, fifty feet, from the parking lot to the playground equipment.

President R. Shiles adjourned the meeting at 6:50 P. M

**Respectfully submitted,**

Ann E. Merrick  
Secretary/Treasurer
