Borough Engineer’s Report
1. J. Brenneman informed Council that construction is progressing for the School Street Project. He stated that Stewart & Tate will be submitting a change order for a change of pipe due to sanitary sewer depth (but it has not been submitted yet). He also discussed adding one inch of shotcrete to cover the nails for an additional cost of $2305.00 and saw cutting vertical joints in the shotcrete and caulking for an additional cost of $2668.00. These additions would help to create a uniform slope; Core Design agrees with the addition of this work. R. Apgar moved to approve spending additional funds NTE $3400.00 for the addition of one inch of shotcrete to cover the nails and cutting vertical joints in the shotcrete and caulking, seconded by B. Wetzel. Motion carried.

2. J. Brenneman updated Council regarding progress on the Municipal Parking Lot project. Placement of Mignano’s dumpster was discussed at length in regard to location and weight limits on the pervious pavement. J. Brenneman confirmed that the design plans for the project use pervious pavement in front of the Neuhaus Building; Council was insistent that they requested Superpave in front of the library, but that is not the way the plans were designed.

*R. McCullough left the meeting at 7:50 PM and returned to the meeting at 7:52 PM.
J. Brenneman presented two options for Council to consider:
Option A: approximately 4500 Square Feet of Superpave from entrance of parking lot to the first parking space next to Mignano’s Restaurant, where dumpster would be placed on a concrete pad.
Option B: approximately 4200 Square Feet of Superpave from entrance of parking lot to the middle of the parking lot, first parking space.
Council also discussed placing the dumpster next to the Neuhaus Building and/or placing the dumpster in front of the Restaurant. Council asked the solicitor whether the Borough would be liable if the trash truck had to back out onto Main Street.
M. Pokrifka stated the question was too specific and she would have to research case law for an answer. B. Wetzel moved to place the dumpster in the first parking space alongside the Neuhaus Building, Super paving in front of the Neuhaus Building and Super paving based on the drawing in Option A, seconded by L. Cadwallader. L. Cadwallader, B. Wetzel and D. Young voted yes; R. Apgar, E. Delahanty, and R. Shiles voted no. R. McCullough voted no; motion did not pass.
B. Wetzel moved to place the dumpster in the first parking space alongside the Neuhaus Building, Super paving in front of the Neuhaus Building and Super paving based on the drawing in Option A, seconded by L. Cadwallader. L. Cadwallader, B. Wetzel and D. Young voted yes; R. Apgar. B. Wetzel, E. Delahanty voted yes; L. Cadwallader, R. Shiles, R. Apgar, and D. Young voted no. Motion did not pass. L. Cadwallader moved to Superpave in front of the Neuhaus Building. Superpave as suggested in Option A and place dumpster in location as in Option B, seconded by R. Apgar. B. Wetzel, E. Delahanty voted yes; L. Cadwallader, R. Shiles, R. Apgar, and D. Young voted no. Motion did not pass. L. Cadwallader moved to Superpave in front of the Neuhaus Building and in Option A, placing the dumpster in first and second spaces next to Mignano’s Restaurant, seconded by R. Apgar.
L. Cadwallader, R. Apgar, R. Shiles, D. Young voted yes; B. Wetzel and E. Delahanty voted no. Motion carried.

3. J. Brenneman presented a request for payment of $32130.00 for Shiloh Paving & Excavating. B. Wetzel moved to pay $32130.00 to Shiloh Paving & Excavating for work to date on the Municipal Parking Lot, seconded by R. Apgar. Motion carried.

4. J. Brenneman presented a change order of $7265.30 to Shiloh Paving & Excavating for additional stone being placed for wall, due to not meeting bearing capacity during testing. B. Wetzel moved to approve the change order of $7265.30 to Shiloh Paving & Excavating for additional stone being placed for wall, due to not meeting bearing capacity during testing, seconded by L. Cadwallader. Motion carried.

5. J. Brenneman presented a change order of $1429.14 for premium overtime. The contractor was delayed right away due to problems with Bid Documents, York County, and the State. Council had previously authorized working both Saturday hours and later hours on week nights. Holley’s office did not recommend approving entire change order. L. Cadwallader moved to approve change order to pay one half of the premium overtime as invoiced, seconded by D. Young. L. Cadwallader, E. Delahanty, R. Shiles, B. Wetzel, and D. Young voted yes; R. Apgar voted no. Motion carried.
6. J. Brenneman provided an update regarding the Codorus Street and Wall meeting with FEMA, and ECS on July 11, 2012. FEMA is only going to fund for the section of wall that collapsed and the inlet that was filled in. He recommends leaving the stone portion of the wall in place, replacing the portion FEMA will fund and additional approximately 100 feet to the south to the electric pole with K Stone Block. J. Brenneman also recommends installing drainage behind the existing wall and reconstructing all of Codorus Street. J. Brenneman estimated engineering fees between $3000 and $4000.

*R. Apgar left the meeting at 8:30 PM and returned at 8:35 PM.

Council discussed breaking the project into phases, but bidding as one project, for the reconstruction of Codorus Street, removal of the existing wall, wall replacement and engineering fees.

R. McCullough left the meeting at 8:40 PM.

R. Apgar moved to authorize Holley’s office to prepare bid documents for the Codorus Street and Wall project, seconded by B. Wetzel. Motion carried.

7. J. Brenneman provided an update for the Church Street – GGII Grant project. The survey is finished and existing condition plans are being prepared. CDBG funding for the Hanover Street Curb and sidewalk is being removed from York County’s list of projects. Although a final decision has not been made, these funds may be moved to Church Street. J. Brenneman discussed completing the CDBG work on Church Street concurrently with the GGII Grant project.

R. McCullough returned to the meeting at 8:43 PM.

The project could be bid as one project, ultimately saving the Borough funds with one advertisement and one set of bid documents. No temporary curb or paving would have to be installed or ripped out. If the Borough paid the engineer’s fees through the General Fund, then the entire $100,000.00 of CDBG funds could be used for construction. A motion is necessary and Council would need to submit a letter to York County, indicating that Council will pay for engineering using their General Fund and entire $100,000.00 of CDBG funds will be used for construction. Council may consider making this motion contingent upon York County moving the Hanover Street CDBG funds to Church Street. No motion was made this evening.

8. J. Brenneman requested that the Borough authorize Holley & Associates to submit permits on the Borough’s behalf by completing Penn DOT form 950AA, by adopting Resolution 2012-5. D. Young moved to authorize Holley & Associates to submit
permits on the Borough’s behalf by completing Penn DOT form 950AA and adopting Resolution 2012-5, seconded by B. Wetzel. Motion carried.

*J. Brenneman left the meeting at 9:02 P. M.
