GLEN ROCK BOROUGH CITIZENS MEETING

Hanover Street CDBG Phase I and Phase II Curb and Sidewalk Projects APRIL 17, 2019

Attendance: ten Borough residents; Wanda Montalvo, YCPC; Jeff Spangler, JR Holley & Associates, Inc.; Attorney Evan Gabel, CGA Law Firm; Doug Young, GRB Council President; Ann Merrick, GRB Secretary

Jeff Spangler, project manager for James R. Holley & Associates, Inc., presented the CDBG project replacing curb and sidewalk along Hanover Street, from Link Street down to Water Street. All sidewalks will be 42 inches wide with a six-inch curb. The Borough received two bids for this project; both bids were twice as much as the available grant funds, so the project has been scaled back. The Bid was awarded to Shiloh Paving & Excavating. Shiloh will work with residents to help keep driveways accessible. The project start date is projected for early May and will last approximately three months. Any residents with additional questions or concerns, may contact the Borough Office, 717-235-3206.

Respectfully submitted,

Ann E. Merrick
Secretary
