

Glen Rock Rec Board Meeting Minutes

6/16/2020

Call to order - 6:36 pm

Meeting held at Krebs Pavilion

Members present Ali, Rosemary, Jim

Guests: Stacy Guess and Lucy Cadwallader

Secretary minutes for May Approved by all

Treasurer's report for May Approved by All

New Business:

- There are large holes in the large dog park area, dog owners are not filling them in as they are supposed to do. Stacy Guess brought the issue to our attention and has volunteered to help fill in holes if we can provide some dirt. Jim is going to work on getting some fill dirt for the task.

- Lucy Cadwallader is planning a borough wide yard sale weekend. She is presenting the weekend of July 4th to borough council on 17Jun2020 for approval. She is asking Rec Board for help with promotion of the event. We agreed to help promote when she sends us her promotional materials. The pavilion is rented for both days that weekend so we cannot host vendors. Maybe revisit in the future.

- There is a broken gate in the outer softball field fence. Photos were taken, Ali will call fence supplier to fix.

Old Business:

Seasonal caretaker- Tyler Mewhirter awaiting FBI clearance (others have been obtained) and borough council approval. Rec Board approves also recommending Jim Merrick be hired as a backup should Tyler run into issues completing the work.

Covid 19 Phase Out- Pavilion and softball field reservations have been reinstated on the website. Sarah will resume her events in July.

Water at park- New sink faucets in bathrooms have been installed and work well. Still waiting on special order parks for dog park water, a Covid-19 related delay.

Grass seed is has been spread on bare patches of softball field and is growing in nicely.

Updates from borough council- Council is still looking for a realtor to sell property. Jim Merrick has resigned from council; he will remain on Rec Board. Council will issue a liaison to join our meetings in the future.

Court resurfacing- Kate Klunk's office has said they will call us if any grant money can be found, not likely due to Covid-19 budget changes. Issue to be shelved until future.

Summer At Home Program- Some kids signed up already, expecting fewer participants than in the past.

Playground mulching- mulch levels look good. Issue to be shelved until 2021.

No updates on TAPS

Ali and Jim have security codes for watching surveillance videos.

Meeting adjourned 7:13
